

Fiddle Fern Chocolatier

After raising her children in the Berkshires, Catherine Sullivan decided to turn her talent for making exquisitely smooth fudge into a real business. She sent samples of her Fiddle Fern fudge to a gourmet magazine editor, which led to her first big order. Fifteen years later, Sullivan is still “in the business of making people happy.” She uses the highest quality ingredients, including Callebaut and Valrhona chocolates, to fashion fudge that is truly a sublime experience.
